The Summit Experience

Choose from 36 topics, 6 educational tracks.

Design the curriculum to best suit your needs and goals.

Find inspiration through keynoters Michael Melnik and Bruce Wilkinson.

Learn from experts in specialized career fields.

Examine the latest products and services at the Summit Tradeshow.

Your Summit Experience will pay off and that's great in this business climate! Your best opportunity to save money is to put knowledge into practice. Learn how at the 2009 Safety and Health Summit.

Seminar Tracks

- Safety Management featuring Michael Melnik talking about employee training efforts and other topics such as addressing average performance and safety leadership
- Work Comp featuring attorneys discussing work comp issues and understanding work comp benefits
- Business Continuity and Risk Management featuring topics such as the Bird Flu Pandemic and reducing strain of risk of repetitive injury
- Challenges in the Workplace featuring conflict resolution, wellness ideas and multi-cultural workforce challenges and opportunity
- Safety Pro featuring fall protection, leadership and safety for maintenance
- Workplace and Environmental Issues featuring OSHA topics and DOT Regulations

Your summit ROI

Reduce injuries, cut work comp costs and improve your bottom line through implementation of new ideas, tips and up-to-date techniques learned at Summit.

Increased knowledge to enhance your career.

Increased awareness of products and services discovered at the tradeshow.

Business networking relationships – both new and renewed.

Receive a CD of the seminar presentations and exhibitor directory – an ongoing, effective and efficient information resource.

Greater Omaha Chapter

Safety and Health Awards Luncheon Honors Safety Champions and Greater Omaha's 2009 Safest Companies

Bruce Wilkinson, CSP, leadership/customer service consultant and professional keynote speaker, will deliver a humorous passionate enthusiastic message to encourage workplace excellence.
