

STREET SMART GUIDE TO TEEN SAFE DRIVING

Motor vehicle crashes are the number one cause of death for young drivers. Don't let your family suffer a teen driving tragedy.

The "Street Smart: Guide to Teen Safe Driving" seminar is designed for parents and teens to be able to implement Graduated Driver Licensing in their home, under parent guidelines.

Parents will get the information they need to determine how to best bring their new driver from full time passenger to safe driver. Components include how to implement a safe driving plan within their home, and proven suggestions that parents and teens can use relating to how, when, and with whom the teen drives.

Parents are taught how to create a "Parent-Teen Driving Contract" that fits their needs and is easily customizable to every family. Teens learn that driving comes with a price, but it shouldn't be their or others lives.

Dates: Wednesday, March 10, 8-9am; Saturday, May 1, 8-9am

All "Street Smart" classes will be held at the National Safety Council, Greater Omaha Chapter, 11620 "M" Circle.
