Safe With You For Child Care Providers

Abuse and Neglect/Shaken Baby Syndrome/"Nothing But Baby"

In 2006, the Nebraska State Legislature passed LB 994, a bill requiring licensed child care providers to complete training that *"shall be designed to meet the health, safety and developmental needs of children...and shall include information on sudden infant death syndrome, shaken baby syndrome and child abuse and neglect."*

(Nebraska State Statute 43-2606).

Training is considered "best practice" and once the child care regulations are revised and disseminated, all licensed child care programs will need to meet these requirements. The Department of Health and Human Services and Education, including the Early Childhood Training Center, have worked together to develop this curriculum. This course is called Safe With You. Please ensure that your daycare staff has this training.
