## 2012 HAZWOPER

### Hazardous Waste Operations & Emergency Response

#### 8-Hour HAZWOPER (Annual Refresher)

If you have been previously trained in Hazardous Waste Operations and Emergency Response you are eligible to take this course. This workshop is designed to comply with the training requirements outlined in 1910.120(q) Hazardous Waste Operations and Emergency Response: Those employees who are trained in accordance with paragraph (q)(6) of this section ... (Includes: First Responder Awareness Level, First Responder Operations Level, Hazardous Materials Technician, Hazardous Materials Specialist, On-Scene Incident Commander) ... shall receive annual refresher training of sufficient content and duration to maintain their competencies, or shall demonstrate competency in those areas at least annually. Participants will receive both a class certificate and wallet card.

#### 8-Hour HAZWOPER Incident Command

OSHA requires a trained supervisor be present during all activities at a hazardous waste site. This course is required for supervisors in charge of others at hazardous waste sites in accordance with 29 CFR 1910.120. Emphasis is placed on training the supervisor how to implement safety plans, air monitoring and PPE programs, as well as recordkeeping and documentation. The 24-hour or 40-hour OSHA Hazardous Waste Operation class is a prerequisite. Participants will receive both a class certificate and wallet card.

#### 24-Hour OSHA Emergency Response Training

This 3-day course is designed to satisfy the 29 CFR 1910.120 training requirements for employees engaged in emergency response, control, containment, and clean up of hazardous materials/chemicals released during an incident at your facility. This course satisfies the basic training requirements for HAZMAT Technician, Specialist, and Incident Commander. This course is required for industry that has the potential of accidental release of chemicals. Participants will receive both a class certificate and wallet card.

#### 40-Hour OSHA HAZWOPER

This 5-day training course is designed to fulfill the training requirements for personnel working on CERCLA/RCRA, NPL, Superfund, UST, and industrial cleanup sites and in accordance with OSHA 29 CFR 1910.120. This training is required for all those employed for hazardous waste cleanup, hazardous waste site workers, and those performing investigations, assessments, or other site activities. The training is designed for environmental contractors and consultants, well-drillers, regulatory agency personnel, private sector, project managers, emergency response clean up contractors, and others who will need to be onsite. Participants receive a class certificate and wallet card.
