National Safety Council – Greater Omaha Chapter

Trenching & Excavation

Any trench has the potential to cave in. Every year about 400 workers die and 6,400 are seriously injured in trench accidents. The first line of defense against these risks is knowledge.

(1-Day Course)

This full-day course is designed to educate construction supervisors, their workers, and those designated as the "competent person" to the safety requirements as outlined in OSHA regulation 29 CFR 1926, Subpart P. Participants will learn excavation hazards, role of the competent person, OSHA soil test requirements, classification of soils, trench rescues and mechanics of cave-ins.

COST: $179* **($125 Member Rate)**
(includes class materials)
TIME: 8:00 a.m. - 5:00 p.m.
DATES: March 26, 2008
December 4, 2008

CD-ROM Training
For your convenience, the Safety Council also offers many computer-based training programs, including "Excavation". Call us for details!

***NOTE**: If your company is not yet a member, but joins the National Safety Council, Greater Omaha Chapter within 30 days, you'll receive the difference in member/nonmember pricing! (Ask about the many outstanding benefits!)

Take your career in safety to the next level!

The National Safety Council's **Certificate in OSHA Compliance** is ideal for those with OSHA compliance responsibilities, but little or no formal safety education experience! **Individuals who have taken 1910 or 1926 10 hour or 30 hour courses are WAIVED from the introductory course.** Call 896-0454 for a free brochure!
