40th Annual Safety & Health SUMMIT

October 4, 2023
LaVista Conference Center
As we approach our 100th year, and celebrate our 40th Annual Safety & Health Summit, we’ve begun to reflect on this incredible journey; a journey we could not embark on without all of you; a journey towards zero workplace fatalities.

With each and every interaction we have, each lesson we learn - we work endlessly, without taking shortcuts, to help build Nebraska’s future, to ensure Nebraskan’s stay safe and to make safety our life.

The future of workplace safety and health is ever evolving. At The National Safety Council - Nebraska Chapter’s 40th Annual Safety and Health Summit, we learn, discover, improve, and connect industry professionals to like-minded peers looking to advance their careers.

Our attendees represent the best safety professionals in the area, those who focus on safety without shortcuts. They are professionals who are interested in learning about the latest safety training, technology, and equipment. The Summit draws individuals who include CEOs, safety directors and managers, security and risk managers, engineers and HR professionals. Summit attendees also represent a multitude of industries providing you the opportunity to share your solutions with dozens of organizations of varying sizes.
